A) Incorporated May 1996 Montgomery County, Pennsylvania

B) Same as above.

C) This is only one P.K.F. there are no subsidiaries and no parent
company.

2) P.K.F. is a construction company that does remodeling and
renovation work.

There was no P.K.F. between the years of 1958-1976.

I have always been a carpenter-contractor.

I was in college until 1976

3) Lon Claney worked for me in 1996 but now lives in Tennessee
and I have no current information about him.

For the record I am now 45 and I was born 7/28/1956.

My company uses a dump truck to remove any waste from my job
sites. My waste consists of old roofing materials, lumber,
sheetrock, plaster, concrete and debris of that kind. I do not
handle any hazardous waste.

4) The only documents I keep are the receipts I receive from
the Lower Merion Transfer station or the Lanarch Quarry on City
Line Ave. Neither place will accept any hazardous waste.

I do not use dumpsters nor have I ever used them.
